PROFESSIONAL PROGRAMMING EXPERIENCE

Web Programmer | Pacific Panorama LLC | Everett, WA

Jul 2021 – Present

- Designed and implemented **dynamic web applications** using **React, Node.js, and Spring Boot**, tailored to meet unique client requirements.
- Developed **secure RESTful APIs** for real-time data processing and business-critical workflows.
- Leveraged **Firebase** and **MongoDB** to deliver scalable solutions with optimized database queries and minimal latency.
- Conducted **code reviews** and **unit tests** to ensure high maintainability and adherence to industry best practices.
- Enhanced application performance by integrating accessibility features (WCAG compliance) and reducing page load times by up to **30%**.
- Delivered a **multi-platform user dashboard** for a logistics client, improving operational transparency and efficiency.

Webmaster | Northtown Company | Huntington Beach, CA

Sep 2010 – 2016

- Maintained and updated a **170+ page product catalog** website, ensuring compliance with industry standards and **Material Safety Data Sheets (MSDS)**.
- Deployed visually compelling, **SEO-optimized static web pages**, resulting in a **15% traffic increase** year-over-year.
- Created product graphics and digital marketing assets, increasing online engagement.
- Managed logistical coordination between shipping vendors and warehouses to streamline operations.
